

Dwyer Shelter for the Homeless

The shelter was established to assist people through training in job skills and the appropriate appearance for interviews. They stay in the shelter until they have jobs and a place to live. (There are approximately 24 families, 30 women and 30 men in residence at this time.) They are constantly in need of toiletries, bathroom tissue, twin sheets and blankets, shower curtains, and appropriate clothing for employment interviews. If you have clothes that fit the bill, please bring them to the church. We can furnish donation receipts. Thank you for your help. Please talk to Robert Estes for further information regarding the shelter. Many thanks to those who have donated a number of items so far!
